MICHAEL ORIMOLADE

CYBERSECURITYSTUDENT

089 277 5254 | Dublin, Ireland | Orimolademichael1@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Second-year BSc Cybersecurity & Digital Forensics student at TU Dublin with hands-on experience in Windows Server, networking, and Python scripting. Cisco and IBM certified. Strong customer service, teamwork, Communication, Reliability, Time Management background. Aswell as some great technical skills in: Python, HTML, CSS, Node.js.

WORK EXPERIENCE

Freelance Web Developer — **Self-Employed** *Aug 2026 – Present*

- Built a promotional website for a paying client using HTML and CSS, managing the project independently

Brand Ambassador — **Fenix Promotions** *Mar 2026 – Mar 2026*

- Delivered face-to-face customer service in a fast-paced environment, meeting daily performance targets

Food Packing Operative — **Nudie Foods** *April – May 2025*

- Worked accurately in a high-volume production environment following strict safety and quality procedures

KEY PROJECTS

AIOps Automated SOC Triage Pipeline | *Python, Google GenAI SDK, Git/GitHub*

- Developed an automated security incident response tool in Python that ingests network logs, pre-filters traffic noise, and aggregates connection frequencies.

Cisco Packet Tracer Networking Lab — *Cisco Packet Tracer*

- Built simulated network topologies, practiced IP addressing, TCP/IP, and network troubleshooting

Python Security Tools — *Python | GitHub*

- Built Log File Analyzer, TCP Port Scanner, and Password Strength Checker — all available on GitHub

TECHNICAL SKILLS & CERTIFICATIONS

Cybersecurity: SOC concepts, threat detection, log analysis, incident response fundamentals, ethical hacking basics
Systems & Networking: Windows OS, Windows Server, Linux, TCP/IP, DNS, DHCP, Cisco Packet Tracer, VirtualBox
Programming: Python, HTML, CSS, Node.js, JavaScript
Tools: GitHub, Nmap, Wireshark basics, CLI
Certifications: Cisco Introduction to Cybersecurity • Cisco Python Essentials 1 • IBM Cybersecurity Fundamentals • QQI Level 5 Software Development
General Skills: Customer Service • Teamwork • Communication • Reliability • Time Management • Attention to Detail • Fast-Paced Environments • Flexible & Available Immediately

EDUCATION

BSc (Hons) Cybersecurity & Digital Forensics — **Technological University Dublin** *2024 – Present*

QQI Level 5 — Software Development & Game Design — **Dunboyne College of Further Education** *2023 – 2024*

Distinctions in OOP, Database Methods, Web Authoring, Software Architecture, and Programming & Design Principles

Leaving Certificate — **Le Chéile Secondary School** *2017 – 2023*
